CAREERS OVERVIEW

At Melody Fuse we offer volunteer careers which initiate a no-pay rate and you are on your own flexible work times. We try our best to offer quality treatment, respect and care to our volunteers to ensure they have the best employment experience at Melody Fuse.

Below are the current careers we have open:

1. Radio Presenter
2. Technician

The job of a Radio Presenter can become quite challenging at times, but you have to push through and savour every moment you have as a presenter. At Melody Fuse we offer a schedule basis where YOU choose when YOU present, we don't force you and we don't set you on when you don't want to.

We also hold a song request system where users send in their songs, and you play. For this role, we wish to see people who are

- Energetic
- Creative
- Playful
- Broad music range
- Willing to speak publicly

If you think you possess any of them, feel free to apply below at [Radio Presenter Career](#) the status of your application will be sent to you by an email called "melodyfuseradio@gmail.com".

The job of Technician isn't as hard as a Radio Presenter but it requires some brief knowledge on what you will be doing. We need to ensure all applicants have brief knowledge of

- Icecast
- BUTT (Broadcasting Software)
- Zeno.fm

If you think you have that knowledge OR are willing to learn, go ahead and apply. We also expect our applicants to have basic communication skills, computing knowledge and are willing to speak out if they spot issues. To apply for the technician career click here [Technician Careers Page](#)

All applicants will receive an initial email from the email melodyfuseradio@gmail.com upon their initial application and we can guarantee we will contact you whether you passed or failed your application.

If you have any concerns, feel free to contact us by the melodyfuseradio@gmail.com email or in the Discord.

Hope to see you on the team.

Signed,
